

ZEST FOR LIFE

A STUDENT HEALTH AND WELLNESS CENTRE

Marilu Vermeulen (26252008)

Course co-ordinator: Prof. Karel Bakker

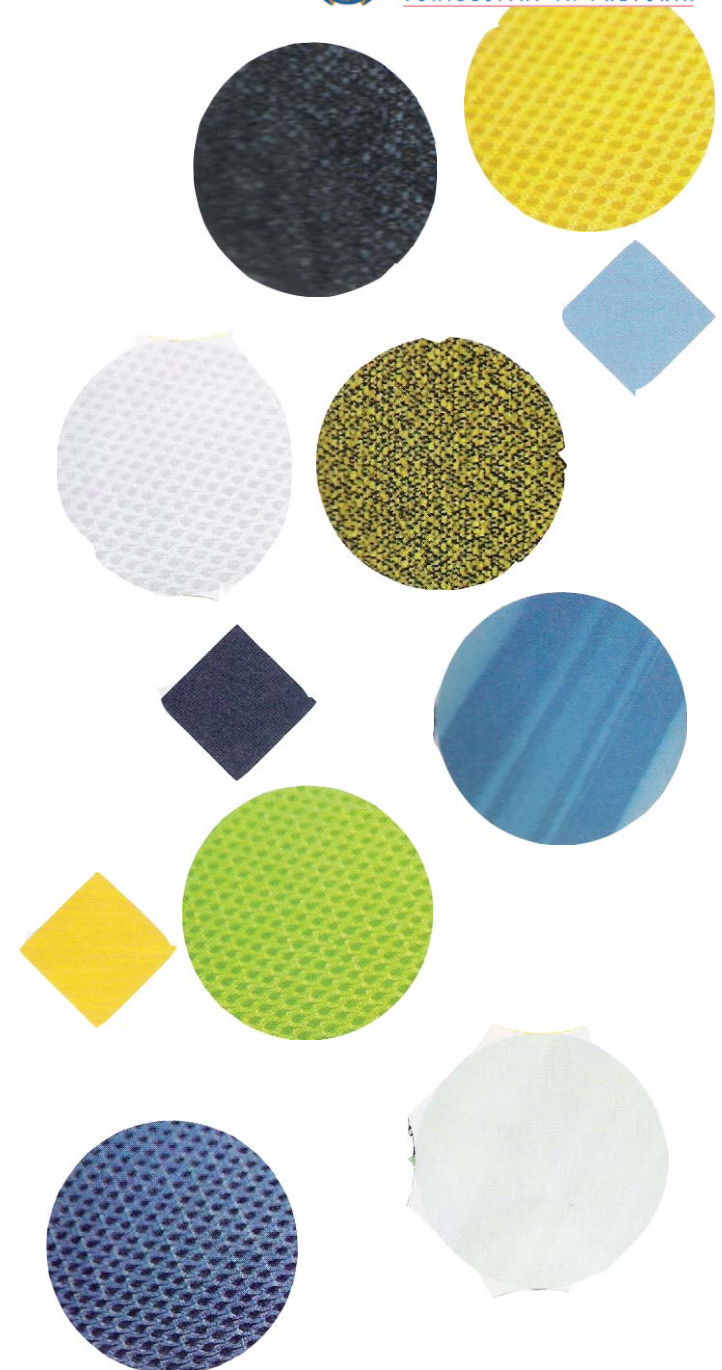

Study leader: Marga Viljoen

Submitted in partial fulfilment of the requirements for the degree
of Magister in Architecture (Professional) in the faculty of
Engineering, Built Environment and Information Technology,
University of Pretoria, South Africa.
November 2008.

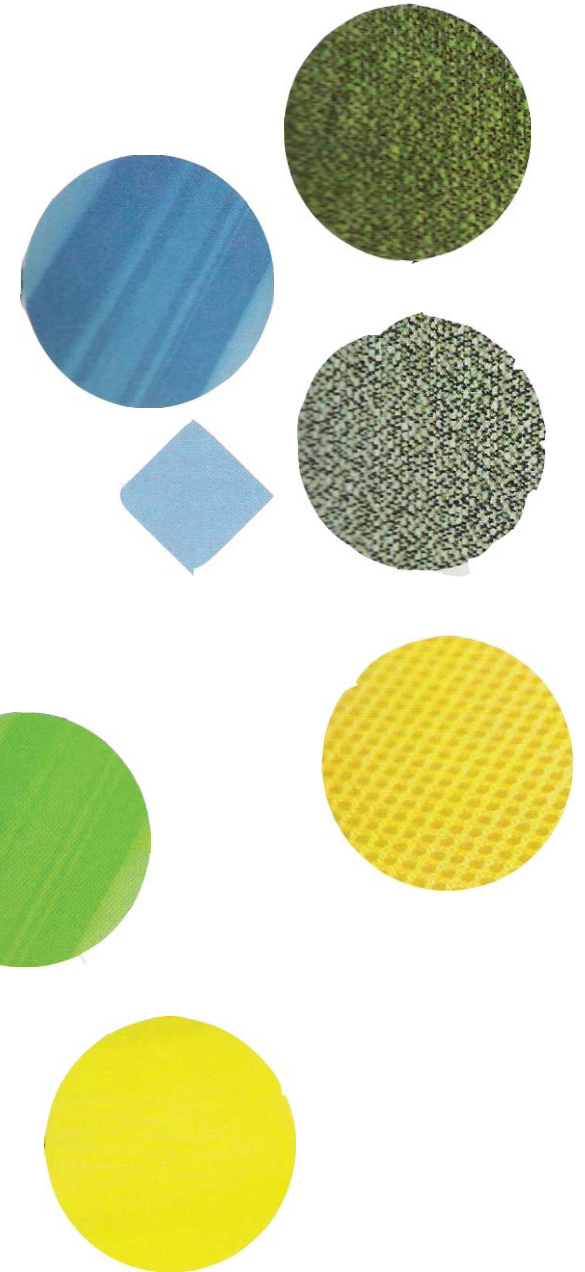

TABLE OF CONTENTS

List of figures

Introduction	1
1. Theoretical investigation	5
The influence of architecture on wellbeing.	
2. Precedents	15
International: Paimio Sanatorium (Theoretical)	
Local: Thakaneng Bridge Student Centre UFS (Typological)	
Umkhumbane Community Health Centre (Typological)	
3. Brief	23
Problem statement	
Hypotheses	
Building type	
Client profile	
User profile	
Site selection	
Accommodation schedule	
4. Context study	31
Macro scale	
Meso scale	
Site analysis	
5. The design	51
Development	
Proposal	

6. Technical investigation	69
Stereotomic	
Tectonic	
Materials	
7. Baseline Study	91
Environment	
Economy	
Society	
8. Conclusion	101
9. Bibliography	105
10. Technical drawings	109

LIST OF FIGURES

Front page

Figure 1: Green blob. Edited by author. (Visi summer 2005/6:76)

Introduction

Figure 2: The obsession society. Collage by author. (2008)

Figure 3: All you can eat special. Edited by author. (Elle July 2007:33)

1. Theoretical investigation

Figure 4: Stress in people's lives. Collage by author. (2008)

Figure 5: Cave dwellings. Edited by author. (Green Architecture 2000:38)

Figure 6: Aboriginal lean-to habitat. Edited by author. (Green Architecture 2000:38)

Figure 7: Pruitt-Igoe Housing, St. Louis. Edited by author. (Architectural Theory: From the Renaissance to the Present 2006:551)

Figure 8: Contrast. Edited by author. (Green Architecture 2000:38)

Figure 9: Eighty-year-old man skiing. Edited by author. (National Geographic November 2005:122)

Figure 10: Woman embracing her surroundings. Edited by author. (De Kat autumn 2005: Front page).

Figure 11: Man made object embraced by nature. Edited by author. (Visi winter 2008:53)

2. Precedents

Figure 12: Vietnamese girl. Edited by author. (Taste August 2008:55)

Figure 13: Room detail. Drawing by author. (Finland and Aalto1995:89)

Figure 14: Section through hospital wing. Drawing by author. (Finland and Aalto1995:89)

Figure 15: Section through balconies. Drawing by author. (Finland and Aalto1995:89)

Figure 16: Ground floor plan. Drawing by author. (Finland and Aalto1995:135)

Figure 17: First floor plan. Drawing by author. (Finland and Aalto1995:135)

Figure 18: Site plan of the University of the Free State. Drawing by author. (Architecture SA Vol. 2006/3/4:26)

Figure 19: Ground floor plan of the Thakaneng Bridge Student Centre. Drawing by author. (Leading Architecture Vol. 2002/9/10:43)

Figure 20: North elevation of the Thakaneng Bridge Student Centre. Drawing by author. (Leading Architecture Vol. 2002/9/10:44)

Figure 21: East elevation of the Thakaneng Bridge Student Centre. Drawing by author. (Leading Architecture Vol. 2002/9/10:44)

Figure 22: South elevation of the Thakaneng Bridge Student Centre. Drawing by author. (Leading Architecture Vol. 2002/9/10:45)

Figure 22: West elevation of the Thakaneng Bridge Student Centre. Drawing by author. (Leading Architecture Vol. 2002/9/10:45)

Figure 24: Location plan of the Umkhumbane Community Health Centre. Drawing by author. (Architecture SA Vol. 2006/3/4:19)

Figure 25: Ground floor plan of the Umkhumbane Community Health Centre. Drawing by author. (Digest of South African Architecture Vol. 2004/2005:39)

Figure 26: Detail section through the Umkhumbane Community Health Centre. Drawing by author. (Architecture SA Vol. 2006/3/4:17)

Figure 27: Longitudinal section through the Umkhumbane Community Health Centre. Drawing by author. (Digest of Science 2004/2005:39)

3. Brief

Figure 28: When will people be truly happy? Collage by author. (2008)

Figure 29: Woman exercising. Edited by author. (De Kat summer 2004:57)

Figure 30: Different people. Collage by author. (2008)

Figure 31: Site plan of the University of Pretoria main campus. Drawing by author. (2008)

Figure 32: Site plan analysis. Drawing by author. (2008)

Figure 33: Different people (ii). Collage by author. (2008)

Figure 34: Different people (iii). Collage by author. (2008)

4. Context study

Figure 35: Chinese girl. Edited by author. (Taste August 2008:56)

Figure 36: Map of the world. Drawing by author. (2008)

Figure 37: Map of South Africa. Drawing by author. (2008)

Figure 38: Map of Tswhane. Drawing by author. (2008)

Figure 39: Aerial photograph of Pretoria. Edited by author. (Geography Department)

Figure 40: Aerial photograph of Hatfield. Edited by author. (Geography Department)

Figure 41: Wind rose. Drawing by author. (Manual for Energy Conscious Design 1996:55)

Figure 42: Vertical sun angles. Drawing by author. (Manual for Energy Conscious Design 1996:76)

Figure 43: University of Pretoria Spatial Development Framework. (Holm Jordaan Group 2002)

Figure 44: Buildings on campus. Drawing by author. (2008)

Figure 45: Administration building. Photograph taken by author. (2008)

Figure 46: Engineering Tower. Photograph taken by author. (2008)

Figure 47: Agriculture building. Photograph taken by author. (2008)

Figure 48: Club Hall. Photograph taken by author. (2008)

Figure 49: Aula. Photograph taken by author. (2008)

Figure 50: Old Merensky Library. Photograph taken by author. (2008)

Figure 51: New Merensky Library. Photograph taken by author. (2008)

Figure 52: Kaya Rosa. Photograph taken by author. (2008)

Figure 53: Student Centre. Photograph taken by author. (2008)

Figure 54: Tukswerf. Photograph taken by author. (2008)

Figure 55: Cloister Hall. Photograph taken by author. (2008)

Figure 56: Chapel. Photograph taken by author. (2008)

- Figure 57: Huis en Haard. Photograph taken by author. (2008)
- Figure 58: Visual Arts. Photograph taken by author. (2008)
- Figure 59: Building Science. Photograph taken by author. (2008)
- Figure 60: Speech Therapy. Photograph taken by author. (2008)
- Figure 61: Drama. Photograph taken by author. (2008)
- Figure 62: Bok en Lier. Photograph taken by author. (2008)
- Figure 63: Agriculture Library. Photograph taken by author. (2008)
- Figure 64: Masker Theatre. Photograph taken by author. (2008)
- Figure 65: Theron Lecture Hall. Photograph taken by author. (2008)
- Figure 66: Information Technology. Photograph taken by author. (2008)
- Figure 67: Humanity Sciences. Photograph taken by author. (2008)
- Figure 68: Theology. Photograph taken by author. (2008)
- Figure 69: Musaion and Amphitheatre. Photograph taken by author. (2008)
- Figure 70: Micro Electronics. Photograph taken by author. (2008)
- Figure 71: Electrical Engineering. Photograph taken by author. (2008)
- Figure 72: Old Arts. Photograph taken by author. (2008)
- Figure 73: Chancellor's Building. Photograph taken by author. (2008)
- Figure 74: Old Chemistry. Photograph taken by author. (2008)
- Figure 75: Economic and Management Sciences. Photograph taken by author. (2008)
- Figure 76: Conference Centre. Photograph taken by author. (2008)
- Figure 77: New Law Faculty. Photograph taken by author. (2008)
- Figure 78: New Lecture Halls. Photograph taken by author. (2008)
- Figure 79: Zoology. Photograph taken by author. (2008)
- Figure 80: Geography. Photograph taken by author. (2008)
- Figure 81: Student Services. Photograph taken by author. (2008)
- Figure 82: Natural Sciences. Photograph taken by author. (2008)
- Figure 83: Natural Sciences 2. Photograph taken by author. (2008)
- Figure 84: Mineral Sciences. Photograph taken by author. (2008)
- Figure 85: Chemistry. Photograph taken by author. (2008)
- Figure 86: Student Health Services. Photograph taken by author. (2008)
- Figure 87: Home Economics. Photograph taken by author. (2008)
- Figure 88: Technical Services. Photograph taken by author. (2008)
- Figure 89: Mathematics. Photograph taken by author. (2008)
- Figure 90: Southeast perspective view of campus. (Holm Jordaan Group 2002)
- Figure 91: Southwest perspective view of campus. (Holm Jordaan Group 2002)

Figure 92: Route analysis of campus. Drawing by author. (2008)

Figure 93: Route analysis of site. Drawing by author. (2008)_

Figure 94: Form exploration of proposed building. Drawing by author. (2008)_

Figure 95: North elevation of Chapel. Drawing by author. (2008)

Figure 96: Entrance to Economic and Management Sciences building. Drawing by author. (2008)

Figure 97: Perspective of new Law Faculty. Drawing by author. (2008)

Figure 98: Perspective of Chapel. Drawing by author. (2008)

Figure 99: Front elevation of TUKS Health. Drawing by author. (2008)

Figure 100: North elevation of Tukswerf. Drawing by author. (2008)

Figure 101: West elevation of Cloister Hall. Drawing by author. (2008)

Figure 102: Perspective view of existing Student Centre. Drawing by author. (2008)

5. The design

Figure 103: A couple in development. Edited by author. (Elle August 2006:118)

Figure 104: Touch stone project. By author. (2008)

Figure 105: Aerial perspective of first concept model. By author. (2008)

Figure 106: Northeast perspective view of first concept model. By author. (2008)

Figure 107: South entrance of first concept model. By author. (2008)

Figure 108: Northwest perspective view of first concept model. By author. (2008)

Figure 109: Southwest perspective view of first concept model. By author. (2008)

Figure 110: Southeast perspective view of first concept model. By author. (2008)

Figure 111: Perspective of proposed building. First set of concept sketches. Drawing by author. (2008)

Figure 112: Aerial perspective of second concept model. By author. (2008)

Figure 113: Northwest perspective view of second concept model. By author. (2008)

Figure 114: Southeast perspective view of second concept model. By author. (2008)

Figure 115: East perspective view of second concept model. By author. (2008)

Figure 116: North perspective view of second concept model. By author. (2008)

Figure 117: West perspective view of second concept model. By author. (2008)

Figure 118: Proposed south elevation. Second set of concept sketches. Drawing by author. (2008)

Figure 119: Proposed north elevation. Second set of concept sketches. Drawing by author. (2008)

Figure 120: West perspective view of third concept model. By author. (2008)

Figure 121: North perspective view of third concept model. By author. (2008)

Figure 122: East perspective view of third concept model. By author. (2008)

Figure 123: Aerial view of third concept model. By author. (2008)

Figure 124: Southwest perspective view of third concept model. By author. (2008)

- Figure 125: Perspective view of court yard of third concept model. By author. (2008)
- Figure 126: Proposed east elevation. Third set of concept sketches. Drawing by author. (2008)
- Figure 127: Proposed west elevation. Third set of concept sketches. Drawing by author. (2008)
- Figure 128: Northeast perspective view of fourth concept model. By author. (2008)
- Figure 129: Aerial perspective view of fourth concept model. By author. (2008)
- Figure 130: East perspective view of fourth concept model. By author. (2008)
- Figure 131: North perspective view of fourth concept model. By author. (2008)
- Figure 132: Southeast perspective view of fourth concept model. By author. (2008)
- Figure 133: Northwest perspective view of fourth concept model. By author. (2006)
- Figure 134: Proposed east elevation. Fourth set of concept sketches. Drawing by author. (2008)
- Figure 135: Proposed plan exploration 1. Fourth set of concept sketches. Drawing by author. (2008)
- Figure 136: Proposed plan exploration 2. Fourth set of concept sketches. Drawing by author. (2008)
- Figure 137: Curved roof exploration 1. Drawing by author. (2008)
- Figure 138: Curved roof exploration 2. Drawing by author. (2008)
- Figure 139: Perspective 1. Drawing by author. (2008)
- Figure 140: Perspective 2. Drawing by author. (2008)
- Figure 141: Perspective 3. Drawing by author. (2008)
- Figure 142: Perspective 4. Drawing by author. (2008)
- Figure 143: Proposed ground floor plan. Drawing by author. (2008)
- Figure 144: Proposed first floor plan. Drawing by author. (2008)
- Figure 145: Proposed second floor plan. Drawing by author. (2008)
- Figure 146: Proposed third floor plan. Drawing by author. (2008)

6. Technical investigation

- Figure 147: Singaporean girl. Edited by author. (Taste August 2008:57)
- Figure 148: Structure. Drawing by author. (2008)
- Figure 149: Plan indicating different levels. Drawing by author. (2008)
- Figure 150: Front elevation of the Dramatic School of Art, Mexico. Drawing by author. (10 x 10 2000:379)
- Figure 151: Cross section through the Dramatic School of Art, Mexico. Drawing by author. (The World of Contemporary Architecture 2000:236)
- Figure 152: Detail of entrance canopy of the dramatic School of Art, Mexico. Drawing by author. (10 x 10 2000:379)
- Figure 153: Detail perspective of roof structure of the Dramatic School of Art, Mexico. Drawing by author. (The World of Contemporary Architecture 2000:237)
- Figure 154: Side elevation of Stratford's Guesthouse. (www.stratfordsguesthouse.co.za)
- Figure 155: Entrance of Stratford's Guesthouse. (www.stratfordsguesthouse.co.za)
- Figure 156: Aerial view of Stratford's Guesthouse. (www.stratfordsguesthouse.co.za)
- Figure 157: Proposed roof structure. Drawing by author. (2008)

- Figure 158: Plan indicating services. Drawing by author. (2008)
- Figure 159: Plan of underground water tank. Drawing by author. (2008)
- Figure 160: Plan indicating collection of rain water. Drawing by author. (2008)
- Figure 161: Vertical sun angles. Drawing by author. (Manual for Energy Conscious Design 1996:76)
- Figure 162: Section indicating solar control. Drawing by author. (2008)
- Figure 163: Wind rose. Drawing by author. (Manual for Energy Conscious Design 1996:55)
- Figure 164: Section indicating ventilation and air flow control. Drawing by author. (2008)
- Figure 165: Side elevation of high point load. Drawing by author. (2008)
- Figure 166: Front elevation of high point load. Drawing by author. (2008)
- Figure 167: Side elevation of lower point load. Drawing by author. (2008)
- Figure 168: Front elevation of lower point load. Drawing by author. (2008)
- Figure 169: Gutter detail. Drawing by author. (2008)
- Figure 170: Down pipe detail. Drawing by author. (2008)
- Figure 171: Full-bore outlet detail. Drawing by author. (2008)
- Figure 172: Suspended ceiling detail. Drawing by author. (2008)
- Figure 173: Timber ceiling detail. Drawing by author. (2008)
- Figure 174: Skylight detail. Drawing by author. (2008)
- Figure 175: Aluminium Louvers detail. Drawing by author. (2008)
- Figure 176: Tanking detail. Drawing by author. (2008)
- Figure 177: Brick wall. Photograph taken by author. (2008)
- Figure 178: Stone wall. Photograph taken by author. (2008)
- Figure 179: Window detail. Drawing by author. (2008)
- Figure 180: Timber screen detail. Drawing by author. (2008)
- Figure 181: Timber louvers detail. Drawing by author. (2008)
- Figure 182: Walkway detail. Drawing by author. (2008)
- Figure 183: Existing surface detailing. Photograph taken by author. (2008)
- Figure 184: Existing surface detailing 2. Photograph taken by author. (2008)
- Figure 185: Existing surface detailing 3. Photograph taken by author. (2008)
- Figure 186: Mosaic pattern to be used in meditation space. Edited by author. (Visi winter 2008:47)
- Figure 187: Sterlitzia. Photograph taken by author. (2008)
- Figure 188: Typical plant for flower garden. Photograph taken by author. (2008)
- Figure 189: Yesterday, today and tomorrow. Photograph taken by author. (2008)
- Figure 190: Peach blossoms. Photograph taken by author. (2008)
- Figure 191: Bougainvillea. Photograph taken by author. (2008)
- Figure 192: Typical plants for flower garden 2. Photograph taken by author. (2008)

Figure 193: Succulent with pink flowers. Photograph taken by author. (2008)

Figure 194: Water. Photograph taken by author. (2008)

Figure 195: Existing use of materials on site. Photograph taken by author. (2008)

Figure 196: Proposed walkway detailing. Photograph taken by author. (2008)

Figure 197: Existing curved brick wall on site. Photograph taken by author. (2008)

Figure 198: Existing surface detailing on site. Photograph taken by author. (2008)

Figure 199: Water 2. Photograph taken by author. (2008)

Figure 200: Proposed Japanese Tea House. Drawing by author. (2008)

Figure 201: Proposed creepers to be used on site. Photograph taken by author. (2008)

Figure 202: Typical surface detailing in water garden. Photograph taken by author. (2008)

Figure 203: Wild jasmine creeping on timber screen. Photograph taken by author. (2008)

Figure 204: Typical succulent in succulent garden. Photograph taken by author. (2008)

Figure 205: Surface detailing in succulent garden. Photograph taken by author. (2008)

Figure 206: Typical succulent in succulent garden 2. Photograph taken by author. (2008)

Figure 207: Surface detailing in succulent garden 2. Photograph taken by author. (2008)

Figure 208: Typical succulent in succulent garden 3. Photograph taken by author. (2008)

Figure 209: Typical succulent in succulent garden 4. Photograph taken by author. (2008)

7. Baseline study

Figure 210: Japanese girl. Edited by author. (Taste August 2008:58)

Figure 211: SBAT Report. (Designed by Jeremy Gibbert 2004)

8. Conclusion

Figure 212: Bohemian girl. Edited by author. (Visi winter 2008:99)

Figure 213: Vegetables in the city. Edited by author. (De Kat November/December 2007:23)

9. Bibliography

Figure 214: Golden face mask. Edited by author. (Marie Claire June 2008:48)

10. Technical drawings

Figure 215: Old Japanese woman gathering sea weed. Edited by author. (National Geographic November 2005:115)
